ANNOUNCES

### JYOTHIRGAMAYĀ

A residential summer camp for children

Arsha Vidya Gurukulam is hosting a traditional Gurukulam style camp for children, a tradition where students live and study with their teacher. The camp will be conducted by experienced teachers in-keeping with the vision of Pujya Swami Dayananda Saraswati of helping everyone grow to their full potential. It will also include topics on science, culture, religion, philosophy, psychology and health.

It is a summer camp with added value, where children can develop great new skills with adventure and fun thrown in. Each day filled with excitement, learning and joy. The camp will build character and values while children learn responsibility and cooperation and gain independence and self-esteem. With experienced teachers, beautiful facilities, and unique variety of activities, we aim not just to provide a fun camp environment, but to shape and train young minds.

We invite children to come and join us at the serene and picturesque Gurukulam for seven days filled with motivational talks and demonstrations, energizing activities, games & films.
