

## Gurukrpa – Study Center

As part of Gallery-restructuring, a new hall, a teaching center named GuruKrpa has also been added adjacent to the Gallery. GuruKrpa was inaugurated by Swami Omkarananda.

**Inaguration by SwamiOmkaranandaji**

This new hall is designed to be a very comfortable space to be used for camps or classes and can accommodate thirty to fifty people depending on the type of event. It has been designed to have excellent acoustics with wood panelling to make it sound proof and almost no echo. This hall will help the Gurukulam to have small camps even as the current lecture hall is being used for a long term course or another event.

We welcome you to visit the Gurutirtha and Gurusmrti (Gallery) to feel the benign presence of Pujya Swamiji, pay respects to him and get his blessings.
