

## Pearls of Wisdom

*There is nothing wrong in seeking wealth for security, luxury for comforts through proper means. But seeking Happiness or Fullness through wealth, luxury etc is due to ignorance of one's Self being already Full, Complete and Happiness*

*Karma-Yoga and Sannyasa are the only two means leading to anthakarana-suddhi (purification of mind) and preparing the mind for the knowledge of the Self. This knowledge alone is Moksha or liberation.*
