

to a Guru, through the live streaming of classes using the technology does adequately address the meaning of the word Upanishad. Personally, speaking the retreat literally has put us back on old discipline of life at gurukulam that we used to have during our long-term course at the Gurukulam with Pujya Swamiji, starting the day with the abishekham, chanting and puja at the temple, followed by the meditation session, 3 Vedanta classes and the Satsang has really had helped us to get back to the gurukulam life after almost 7 years. Hence we look forward for many more such E-retreats in future, that would actually help people to stay put where they are but still get the advantage and benefit of live teaching from best acharyas from the Parampara. **Sreekanth and Sarada, Kerala**
